About me

   Hello, I'm Denis. I want to work as a programmer in the web industry. I am a hardworking person and passionate about Front-End technologies. I don't like to define myself by my work. I define myself by the work I want to do. Skills can be learned by doing things on your own. I prefer to keep learning keep challenging myself, and keep building interesting things that matter.

Professional experience

Learning how to build websites, web applications at Skillbrain.
